Professional Experience

Sella India Software Services Pvt Ltd, Chennai , India
August 2022 - July 2023
MERN Stack Developer, Trainee
.

- Conceived and built single-page applications from the ground up, leveraging React, React-Router, and React-Redux to deliver seamless user experiences and also wrote SQL and PLSQL Queries.
- Implemented user authentication and authorization features using JWT tokens and OAuth, ensuring secure access to sensitive customer information
- Proficiently crafted user interfaces and resolved intricate JavaScript bugs, ensuring seamless functionality and enhancing user experience..
- Engaged in 100+ daily standup meetings, collaborating with senior developers for task assignments and mentoring.
- As a valued member of the IT Risk Management team, I actively contributed to strategic goals and risk mitigation.
- Handled cloud platform deployments on AWS and Heroku, optimizing costs and scalability as per application requirements.

Projects

- Engineered a multi-page space tourism website with React, showcasing advanced web development and UI design expertise.
- Crafted a polished portfolio website with React.js, highlighting expertise in web development and user-friendly design
- Building a MERN stack book store project, showcasing full-stack development skills. Responsibilities included database design, API implementation, frontend development, and deployment on cloud platforms.
